

MOBILITY FOR EMPLOYEES

SHORT-TERM VISITS

The objective of the call is to internationalise scientific research and teaching provided at the University through the implementation of short-term visits of outstanding scientists from abroad. The visit shall last 2-4 weeks.

The call is open to any person who is employed in a foreign scientific institution as **Assistant Professor, Researcher, Associate Professor, Full Professor, Reader**, or equivalent position.

A submission in English must include the following information:

- curriculum vitae in which the applicant describes their scientific activities, internships, scientific scholarships, etc.,
 - list of scientific projects which have been completed or are being implemented,
 - list of 10 most important publications published in the last 5 years,
 - confirmation of the invitation (scan) from the entity which shall host the Applicant,
 - proposal - description of activities that the Applicant plans to undertake during their visit.
-

Applications shall be evaluated with regard to their formal and substantive aspects by call committees composed of experts from Scientific Councils for Fields of Science (RNDN) in three field groups:

- Arts, Humanities, and Social Sciences,
 - Exact Sciences, Natural Sciences and Engineering,
 - Life Sciences.
-

The visit must be completed within 12 months of the receipt of the funds for its implementation.

Documents that shall be submitted after the visit:

- the report on the implementation of the visit,
- the assessment of the implementation of the visit provided by the entity hosting the Applicant.
